## Why you are applying for a Fulbright grant?

The Fulbright Program is about mutual understanding – remember those ‘ambassadorial qualities’! Please explain very clearly in the application how you would carry out this mission.

### STUDY OR RESEARCH OBJECTIVES

- Clear and detailed **description of your study/research objectives**, and your reasons for wanting to pursue them
- Be **specific** about your major field and your specialized interests within this field
- Describe the kind of program you expect to undertake, and explain how your study plan fits in with your previous training and your future objectives

### PERSONAL STATEMENT

- **Narrative statement** describing how you have achieved your current goals ... NOT a mere listing of facts!
- Include information about education, practical experience, special interests, and career plans
- Describe any significant factors that have influenced your educational or professional development and explain your existing practical experience

**Each essay should ‘ideally’ be no more than one page!**
